Fabric Care

Use a vacuum cleaner or soft brush to remove dust and solid particles

Always try cleaning products on a hidden piece of fabric to test suitability

Wipe frequently with a damp cloth to maintain the appearance of the fabric

All spillages should be removed immediately with a clean absorbent cloth

Most stains can be removed using cold/warm water and a clean microfibre cloth, however poorly fixed clothing dyes may cause permanent staining

Stains from products containing oil and grease should be treated with a spirit based solution

If soap based cleaners are used, all soap residues must be rinsed from the fabric

Can be cleaned with mild Hypochlorite solutions (10,000 ppm of available chlorine), Haz-Tabs, Chlor-Clean or Mineral Spirit

Can be steam cleaned in situ, with steam extraction cleaner

Do not Dry Clean

Machine wash with extreme care

Remove all stains immediately before they set

Please refer to the Care Sheet on the Aqua website for further details

Fabric Specifications

Flame retardant	Upholstery: BS7176 Crib 5, BS EN 1021-1:2006 0 & 1, IMO Resolution A652 (16), M2
Anti-bacterial/anti-fungal	Resistant to microbial or fungal growth including Salmonella, E Coli and MRSA
Waterproof	Hydrostatic Head BS3424 > 1 metre
Martindale abrasion	> 100,000
Stain resistant	Excellent stain removal has been observed for grease, ink, blood, urine, coffee, iodine, betadine, ketchup, chewing gum, chocolate, grape juice
Composition	100% treated polyester, 142cm (56") wide
Making up	We recommend a minimum of 32 stitches per 10cm (8 stitches per inch) and seams must have a minimum 12mm (0.5") bite on the fabric.

Libra can be colour co-ordinated with Taurus, Paint Pot, Aries and Lunar collections to produce stunning furniture with dual textured finishes. Please note that all fabric offered is subject to minor tolerance in respect of shade and other slight variations.

Technical specifications may be amended, please check for the latest information.

Certificate No. FS 531220
