RECOMMENDED CLEANING													
- Remove spillages promptly (within 15 minutes) with an absorbent dry cloth. - Vacuum and wipe clean regularly with a damp cloth to remove dust particles and prevent build up of soiling. - For heavy soiling use a mild soap and water, ensuring that cleaning product residues are fully rinsed out as they can inhibit the stain repellent in the fabrics. - Clean and care for your upholstery on a regular basis and it will maintain its condition and appearance. - Do not machine wash, fully immerse, dry clean or apply other chemicals / stain removers.													

Samples of all ILIV fabrics can be ordered free of charge from www.i-liv.co.uk.

Samples on this card are printed on Q2099.

Whilst we endeavour to ensure that every batch matches our swatches, variations do occur. If you require an exact match to a previous order please make the Sales Team aware at the time of ordering and if possible please send a cutting for us to match to.

For full details of the wash and care instructions please refer to the ILIV website or price list.
