RECOMMENDED CLEANING

- Remove spillages promptly (within 15 minutes) with an absorbent dry cloth.
- Vacuum and wipe clean regularly with a damp cloth to remove dust particles and prevent build up of soiling.
- For heavy soiling use a mild soap and water, ensuring that cleaning product residues are fully rinsed out as they can inhibit the stain repellent in the fabrics.
- Clean and care for your upholstery on a regular basis and it will maintain its condition and appearance.
- Do not machine wash, fully immerse, dry clean or apply other chemicals / stain removers.

Samples of all ILIV fabrics can be ordered free of charge from www.i-liv.co.uk.

Samples on this card are printed on Q2099 (Right feeler sample on Q1898)

Whilst we endeavour to ensure that every batch matches our swatches, variations do occur. If you require an exact match to a previous order please make the Sales Team aware at the time of ordering and if possible please send a cutting for us to match to.

For full details of the wash and care instructions please refer to the ILIV website or price list.
